

## **PATIENT INFORMATION**

### **How should I prepare for my appointment?**

The tongue is routinely examined as part of Chinese diagnosis; please do not brush your tongue prior to your appointment (brushing your teeth is fine). For best results from your acupuncture treatment, please do not come on an empty stomach or overly full. It is easiest to relax on the treatment table if you have not had caffeine or sugar immediately prior to the appointment.

### **What should I wear?**

Loose clothing is best, especially with pants. If it is necessary to remove constrictive clothing, sheets/towels are available for coverage.

### **Should I avoid anything after acupuncture?**

Avoid strenuous activity, baths, hot tubs and preferably any strong substances such as nicotine or alcohol for three hours after the treatment. Soup or a warm cup of tea is very good after a treatment.

### **FEES:**

Initial Visit \$144 - Subsequent visits - \$108 / Cash, check, and credit cards are accepted. I have a limited number of sliding scale spots if fees are prohibitive.  
(Herbal medicine is not included in the above prices.)

### **CANCELLATION POLICY:**

The full cost of the appointment will be charged if you cancel with less than 24 hours notice or do not show up for your appointment. Your appointment time is reserved. If you miss your appointment, others who desire that appointment time cannot be served. Please be on time. Call or text if you are running late so that we can make every effort to reschedule you for a later time.

## INFORMED CONSENT

I hereby request and consent to the performance of acupuncture treatments (and other procedures within the scope of the practice of acupuncture) on me by Sandra “Frances” Wocicki.

**Acupuncture/Moxibustion:** I understand that acupuncture is performed by the insertion of needles through the skin or by the application of heat to the skin (or both) at certain points on or near the surface of the body in an attempt to treat bodily dysfunction or diseases. I am aware that certain adverse side effects may result which could include, but are not limited to: local bruising, minor bleeding, fainting, pain or discomfort, and the possible aggravation of symptoms existing prior to acupuncture treatment. The risk of infection is small as all needles used are single-use and sterile.

**Herbs:** I understand that substances from the Oriental Materia Medica and Western nutritional supplements may be recommended to me to treat bodily dysfunction or diseases, and to normalize the body’s physiological functions. I understand that I am not required to take these substances but must follow the directions for administration and dosage if I do decide to take them. I am aware that certain adverse side effects may result from taking these substances. *Should I experience any problems, I should suspend taking them and contact my practitioner as soon as possible.*

**Acupressure and Medical Qi Gong:** I understand that I may also be given acupressure and Medical Qi Gong as part of my treatment to modify/ prevent pain perception and to normalize the body’s physiological functions. I am aware that adverse side effects may result from this treatment, which could include, but are not limited to: sore muscles/ aches, and possible aggravation of symptoms. I understand that I may stop the treatment at any time.

**Electro-Acupuncture:** I understand that electro-acupuncture may be administered with the acupuncture in order to speed up the healing process. I am aware that certain adverse side effects may result. These may include, but are not limited to: pain or discomfort, and the possible aggravation of symptoms. I understand that I may refuse this treatment.

**Cupping & Scraping “Gua Sha”:** I understand that cupping and scraping are commonly used during an acupuncture treatment. I am aware that these treatments create a temporary petichia (discoloration) on the skin’s surface where the procedure is being performed, which may last 1-5 days. Occasionally, bruising, blistering, or bleeding may occur as a result of the pressure of cupping or gua sha.

I understand that there may be other treatment alternatives, including treatment by a licensed physician.

I do not expect the acupuncturist to be able to anticipate and explain all risks and complications. I wish to rely on the acupuncturist to exercise judgment to choose the procedures and treatments that are in my best interest, based on the current diagnosis and the facts known at the time of treatment.

I will notify the acupuncturist if I am or become pregnant, and also of any allergies I currently have.

I have read, or have had read to me, the above consent. I have had the opportunity to ask questions about its content. By signing below I agree to the above-named procedures. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment. I understand the results are not guaranteed.
